Please do not take Uber away. I am a college student in Charleston and use Uber all the time for going to the airport, bars, etc... They off a far better and more productive service than taxi cabs do.

Greetings,

I'm sending this email because I would like to let you know that I believe the Uber car service is greatly beneficial to South Carolina and its residents. Given their track record for safety and the precautions they have made in order to ensure safe rides, I feel the PSC should allow them to continue their operations here in South Carolina.

Sincerely,

Gerard DeStefano

Our Uber drivers have always been equally friendly and much MORE reliable than our taxi drivers ever were in Myrtle Beach. One driver even went so far as to help find us when we didn't know how to tell him where we were. He stayed on the phone with us until he found us. Turns out he was also an EMS volunteer, so he knew how to take care of people.

Please overturn your decision to take Uber away. This is a great service!

Thanks for your time.
Gayle Parker

Subject: Uber in South Carolina

Hello,

I strongly urge the State of South Carolina and it's local jurisdictions to allow Uber to operate. Although I am not ordinarily resident in South Carolina, i am a property owner. In my home city Uber has been a godsend by providing much more efficient, convenient and safe local transportation options than previously available, and on my visits to Charleston I've found Uber much more convenient than trying to flag cabs.
